Subject: Lane Plating Deliverables
Date: Wednesday, June 13, 2018 12:19:00 PM

Rebecca,

I'm working on the SOW for lane plating. What kind of deliverables do you (TCEQ) want for work plans and reports? Paper, CD or is Electronic deliverable acceptable? Number of copies?

What city is your office located in? I don't know how far you have to travel to go to the site. I am going to do a site visit in a few weeks if you want to attend. No date yet as I am revising the HASP and getting site access worked out.

We are supposed to have a community meeting within 90 days of the NPL listing. I'm going to see if we can push this out to September. I'll let you know when I have more info.

Most sites have a primary trustee who is responsible for coordinating with other trustees that may be interested in a site. Do you know if lane plating has one?
